Adventure Challenge

Live it! Write it!

If you took an amazing vacation, wouldn't you want to capture all the greatest moments? Join us for a week long learning adventure. From museums to bowling alleys and photography to cooking, you will experience all that the area has to offer. Every adventurer will get a chance to develop their storytelling and writing skills through a personal journal project based on their unique experiences.

Who wouldn't want to get postcards and letters from a traveling friend? Now you can be that traveler! Join us in discovering and reporting on the area's most interesting cultural, recreational and educational attractions. From farms and forts to museums and zoos, the experiences will really be something to write home about. Along the way our explorers will be learning good communication, cooperation and social skills.
